16th to 17th

July 2016

Chitnavis Centre,
Nagpur, Maharashtra,
India

www.camlinfs.com

VANESSE[®]
PURE VANILLIN

Evamil[™]
ethyl vanillin

Agarbatti Biz Expo, Nagpur was Camlin Fine Sciences' first participation that gave exposure to customers from Agarbatti and perfume manufacturing industries in Central India. We had customer visiting us from all over Maharashtra, MP, Gujarat, Chattisgarh, UP, Bihar, Jharkand and eastern states and few Southern states. This platform also gave access to customers manufacturing in remote markets. We sampled our

products which has highly appreciated as CFS offers catechol route - good quality vanillin and ethyl vanillin and that too within reach. Its an environment-friendly and clean method of vanillin production.

New packaging was displayed. It was well received by our customers.
